USER MANUAL

Pairing Mode

Hold down the Fn + C keys simultaneously for 3 seconds to enter the pairing mode. The keyboard enters the pairing mode if it is connected to a tablet for the first time.

Bluetooth Connection

Go to Tablet Settings > Bluetooth and turn on. Find "ORDA Keyboard" under "Available devices" and connect it.

Bluetooth file connection

Once connected, the keyboard will automatically pair with your tablet.

Charging Indicator

Fn Charging: Fn + ↑ ↓ ← →
Fully charged: ↑ ↓ ← →
Low battery: ↑ ↓ ← →

Auto Sleep

The keyboard (backlight) will automatically enter sleep mode after 30 seconds of inactivity, and the keyboard (backlight) will wake up from sleep mode after 30 minutes of inactivity. Press any key to wake up the keyboard, and the keyboard (backlight) will wake up.

Auto Keyboard Settings

Go to Tablet's settings > General management > Physical keyboard.

Trackpad Settings

Go to Tablet's settings > General management > Mouse and trackpad > Allow pointer speed.
Go to Tablet's settings > General management > Mouse and trackpad > Allow scrolling speed "Tap" on screen.

1

Tap Settings > Bluetooth > ORDA Keyboard > Pair

Tap Settings > Bluetooth > ORDA Keyboard > Connect

Tap Settings > Bluetooth > ORDA Keyboard > Connect

Tap Settings > Bluetooth > ORDA Keyboard > Connect

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

* RF warning for Portable device:
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
