Answer/Hangup: Press the ⏯ button to answer when the call is incoming, and press it again to hang up.
Rejection: Press and hold the ⏯ button for about 2 seconds, then release it.
Redialing: Double click the ⏯ button to redial the last number.

Warnings & Precautions

- CAUTION: To prevent electric shock, match the wide blade of the line cord plug to the wide slot of the AC receptacle. Insert the plug fully into the receptacle.
- WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
- CAUTION: Use of controls or adjustments or performance of procedures other than those specified may result in hazardous radiation exposure.
- WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- WARNING: Do not place the unit on top of any soft, porous, or sensitive surfaces to avoid damaging the unit. Ensure adequate ventilation around the unit to prevent internal overheating.
- WARNING: Use of this unit near fluorescent lighting may cause interference regarding use of the remote. If the unit is displaying erratic behavior move away from any fluorescent lighting as it may be the cause.

Included Cables

❶ **USBC DC 5V USB**

To charge device.

Plug the small side of the USBC cable into the unit charging port on your headset and plug the large end into USB port on a computer, or an adapter (not included).

BTO350 when the product is charging, the LED light will keep in red color, when the product is fully charged, the LED light will keep in Blue color.

Important Safety Instructions

1 Read these instructions.
2 Keep these instructions.
3 Heed all warnings.
4 Follow all instructions.
5 Do not use this apparatus near water.
6 Clean only with a dry cloth.
7 Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8 Do not place any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9 Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician to replace the obsolete outlet.
10 Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11 Only use attachments/accessories specified by the manufacturer.
12 Unplug this apparatus during lightning storms or when unused for long periods of time.

Warranty & Cautions

Under warranty to qualified customers (owners), Sentry is required when the apparatus has been damaged in any way, such as power cord or plug damaged, liquid has been spilled or small objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Do not place the unit in a position where loudness levels are detrimental to your hearing. Do not listen at high volume for prolonged periods of time. Headphones may fatigue your ears while using, listen at a reasonable volume and avoid prolonged use.

Small accessories, like batteries, are a choking hazard and should be kept out of the reach of children.

Charging:

Use only the supplied adapter with a valid power cord approved and marked with safety standards. Other power adapters may not meet safety standards, and using such adapters could cause a fire or shock or injury. Avoid prolonged skin contact with the charging cable and connector when the charging cable is connected to a power source because it may cause discomfort or injury. Do not pull on the charging cable or connector while it is coiled.

Battery: Do not attempt to open, disassemble, or modify the battery. Do not short circuit the battery. Do not expose the battery to fire, explosion, or other dangerous conditions or other physical hazards, such as those that could result in a fire, injury, burns, or other hazardous conditions. Do not use or leave the battery in a hot place, such as near a heater or in a car in the sun, where the product is likely to overheat. Do not drop the battery or subject it to strong impact, such as hammering, dropping, or treading on it. Do not pierce the battery with a sharp object, such as a nail, or place it under pressure, such as by stepping on it. Do not use the battery if it appears to be damaged, deformed, or has a leak. Keep the battery out of the reach of children and pets. If the battery is damaged or if you suspect it may be damaged, take it to a Sentry authorized service provider for inspection.

Choking hazard: The product, packaging and some of the included accessories may pose a choking hazard to small children. Keep these accessories away from children. The bags that accompany the many products they contain may cause choking (Polybag).

Danger: Improper battery replacement may cause explosion and injury.

90-Day Warranty

Sentry warrants this product to be free from defects in materials and workmanship for 90 days from the date of original purchase. This warranty does not pertain to damage resulting from accident, abnormal use, misuse or neglect. Any defective product will be repaired if returned to an authorized Sentry dealer or to Sentry directly at P.O. Box 688, One Bridge St, Irvington, NY 10533. Please enclose a check for $4.00 for shipping & handling.

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment can be used in portable exposure conditions.
