Get the most out of your Android TV™ with Google Assistant built in. Android TV provides a smarter viewing experience. Watch blockbuster movies, stream apps, and enjoy multiplayer games. And with the Google Assistant built in, you can do more faster. Ask questions, discover the best content, control smart devices around your home—all with just your voice.

Pairing Guide
Long press the **Home** and **Back** buttons at the same time, until the red light flashes quickly, then release. That means the KCU has entered the pairing mode. Wait a few seconds, without pressing any buttons, until you see the pop-up message of pairing success.

Complete the on-screen setup
Follow the on-screen instructions using your remote to navigate through the setup process

LEGAL NOTICES

The screenshot shows the Amazon.co.uk website interface. At the top, there's a navigation bar with the Amazon logo and various links. Below the navigation bar, there's a large banner for the book 'Ready Player One' by Ernest Cline. The banner features the book cover and the title 'READY PLAYER ONE'. Below the banner, there's a grid of book covers, including 'Ready Player One', 'The Martian', 'The Hunger Games', and others. The left sidebar contains navigation links and a search bar.

Legal Notices
Google, Android, Android TV, YouTube and other related marks and logos are trademarks of Google LLC.

HDMI is a trademark or registered trademark of HDMI Licensing LLC in the United States and other countries.

Any use of this product in any manner other than personal use that complies with the MPEG-2 standard for encoding video information for packaged media is expressly prohibited without a license under applicable patents in the MPEG-2 patent portfolio which license is available from MPEG LA, LLC, 6312 S. Fiddlers Green Circle, Suite 400, Greenwood Village, Colorado 80111, U.S.A.

This product is licensed under the AVC patent portfolio license for the personal use of consumer or other uses in which it does not receive remuneration for: (i) encode video in compliance with the AVC Standard ("OVC video") and (ii) decode OVC video for playback on a personal device. The license does not cover any other use, including but not limited to: (i) retransmission or distribution of OVC video, or (ii) creation of new content from OVC video. For more information on this license, please visit <http://www.avclicense.com>. The license is not valid for any use if the content is obtained from a video provider licensed to provide OVC video; no license is granted or shall be implied for any other use. Additional information may be obtained from MPEG LA, LLC. SEE [HTTP://WWW.MPEGLA.COM](http://www.MPEGLA.COM).

Safety Instructions
Before you begin: Make sure **all** your equipment is turned off and the Evolution eSTREAM device is unplugged. The Evolution eSTREAM device is not designed to support any load. To ensure proper function, make sure that the device is not in an enclosed space, and do not place anything on top of the device.

Safety information
This product was designed and manufactured to meet strict quality and safety standards. There are, however, some installation and operation precautions of which you should be particularly aware. Please read these instructions before operating the equipment and save them for future reference.

1. Read Instructions—All the safety and operating instructions should be read and understood before the appliance is operated.

- [illegible]

(adjust **only** those controls that are discussed in this guide, as improper adjustment of other controls may result in damage, often requiring extensive work by a qualified technician to restore the product to normal performance);
E. the product has been dropped or the cabinet damaged;

- 13. Servicing:** – The user should not attempt to perform any servicing or repair work on the product. If an appliance beyond that described in the troubleshooting section of this guide. All other servicing should be referred to a qualified service person.
- 14. Cleaning:** – Unplug this product from the wall outlet before cleaning. Do not use liquid cleaners or aerosol cleaners. Use a damp cloth for cleaning. If the product is plugged into a power cord, unplug the power cord and let the unit dry thoroughly before plugging it back in.
- 15. Power Source:** – This product should be operated only from the type of power source indicated on the rating plate. If the rating plate does not specify the type of power supply to your home, consult your dealer or local power company.
- 16. Overloaded Power Outlets:** – Do not overload wall outlets and extension cords. This may cause fire or electric shock.
- 17. Electric Shock:** – To reduce the risk of electric shock, do not disassemble this product. Take it to a qualified service person when service or repair work is required. Overloading, overstraining, or misuse of the product may cause electric shock. Incorrect reassembly can cause electric shock when this product is subsequently used.
- 18. Moving:** – Avoid moving the unit while it is plugged in to avoid accumulating dust.

FCC Information
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC.

Notes: These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- Finally, any changes or modifications to the equipment by the user not expressly approved by the grantee or manufacturer could void the user's authority to operate such equipment.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant

to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference

received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

ISED Statement

- English: This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

- French: Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. L'appareil numérique du CIEM conforme canadien peut - 3 (b) / nmb - 3 (b).

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé.
