Correspondence Reference No.: 10074
Request for Additional Info.: 10/12/99
Amended 11/01/99 (Body-Worn Statement)

Dear Frank / Kwok:

Per our meeting with Mr. Rich Fabina and Mr. Kwok Chan today, attached is a revision to the amendment previously submitted on November 01, 1999 regarding the warning statement to be placed in the users manual.

"For body-worn operation, the phone and antenna should be kept at least 1 inch from the body when transmitting, to comply with FCC RF exposure requirements. An optional holster/belt-clip is available as an accessory. Users are cautioned that the use of non-tested accessories may exceed FCC RF exposure limits. Please contact your local dealer for optional accessory information."

Samsung Electronics Co., Ltd. hereby confirms that the above warning statement will be implemented at a prominent location in the users manual.

If you have any further questions regarding this matter, please do not hesitate to contact PCTEST Lab at (301) 596-2120.

Sincerely,

A handwritten signature in black ink, appearing to be "Ben Kim", written over a horizontal line.
