Dear Errol / Kwok:

Submitted herewith, on behalf of Samsung Electronics Co., Ltd., is an amendment in response to your e-mail dated January 05, 2000 requesting additional information for the subject application.

1. Attached is the remeasured radiated data, SAR test data, and SAR photographs for SCH-8500 phone.
2. Attached are the hand SAR test setup photographs showing phone orientation, antenna position, and glove position.
3. Please see attached letter from Samsung clarifying the optional accessory items available for this phone.
4. Attached is the SAR test setup photo showing the antenna position with respect to the head phantom.
5. Attached are the re-uploaded operational description attachments (2 files – exhibit 12).
6. Attached is the hand SAR measurement data for PCS band and FM band (retest).
7. Attached is the body-worn SAR measurement data, test photographs, and photographs of the optional holster.
8. Attached is the revised tune-up procedure with + 0.5dB tolerance for AMPS mode (25.5dBm + 0.5dB/-4.0dB). Please also see attached letter from Samsung stating that all production units will be tested for conducted power measurements before shipment to ensure the maximum power does not exceed the tolerance level.
9. Attached is the revised RF exposure warning statement which will be placed towards the front location in the user's manual (see also attached confirmation letter from Samsung).

We trust this information is sufficient to issue the grant asap. If you have any further questions, please do not hesitate to contact us. Thank you.

Sincerely,

Randy Ortanez
President & Chief Engineer
