SUBJECT: Samsung Electronics Co., Ltd.
FCC ID: A3LSCH8500
731 Confirmation Number: EA95488
Correspondence Reference No.: 11325
Request for Additional Info.: 01/05/2000

Dear Errol / Kwok:

Submitted herewith is an amendment in response to your e-mail dated January 5, 2000 requesting additional information for the above dual-band phone. Samsung Electronics Co., Ltd. hereby confirms the following information

1. The attached RF exposure warning page will be readily visible and placed at a prominent location in the front section of the users manual.
2. All production units will be tested for conducted power measurements before shipment to ensure that the maximum power does not exceed 25.5 dBm $\pm$ 0.5 dB tolerance to comply with FCC RF exposure limits. Production units that do not meet this requirement will be readjusted. Attached is the revised Tune-Up Procedure reflecting this change.
3. The only currently available optional accessories for this phone are the belt-clip, ear-microphone, extended and slim batteries, and battery charger. Samsung confirms that any future accessories available for this phone that may require SAR evaluation will be tested and filed to the FCC prior to marketing.

If you have any further questions regarding this matter, please do not hesitate to contact PCTEST Lab at (301) 596-2120.

Sincerely,

Ben Kim
