Dear Frank / Kwok:

Submitted herewith, on behalf of Samsung Electronics Co., Ltd., is an amendment in response to your e-mail dated October 07, 1999 requesting additional information for the subject application.

1. Attached are the hand SAR test setup photographs.
2. Attached are additional test setup photographs showing the actual handset test position and the head test position.
3. The CDMA mode ERP data for the standard and slim batteries was inadvertently submitted with typographical error in the AFCL column. Please find attached the correct AFCL data and output readings (.34W) for CDMA ERP with the standard and slim batteries.
4. Attached is SAR measurement data and photographs for hands-free body-worn configuration, with the phone placed in the holster designed for use with this phone. Also attached is a letter from the applicant, confirming the warning statement that will be placed in the users manual.

We trust this information is sufficient to issue the grant. Should you have any further questions, please do not hesitate to contact us. Thank you.

Sincerely,

Randy Ortanez
President & Chief Engineer
