* Placement of each antenna in slide up

Bluetooth antenna
(in SPK carrier)

Main antenna (Rear Type)

* Placement of each antenna in slide down

Bluetooth antenna
(in SPK carrier)

Main antenna (Rear Type)

* Antenna pattern

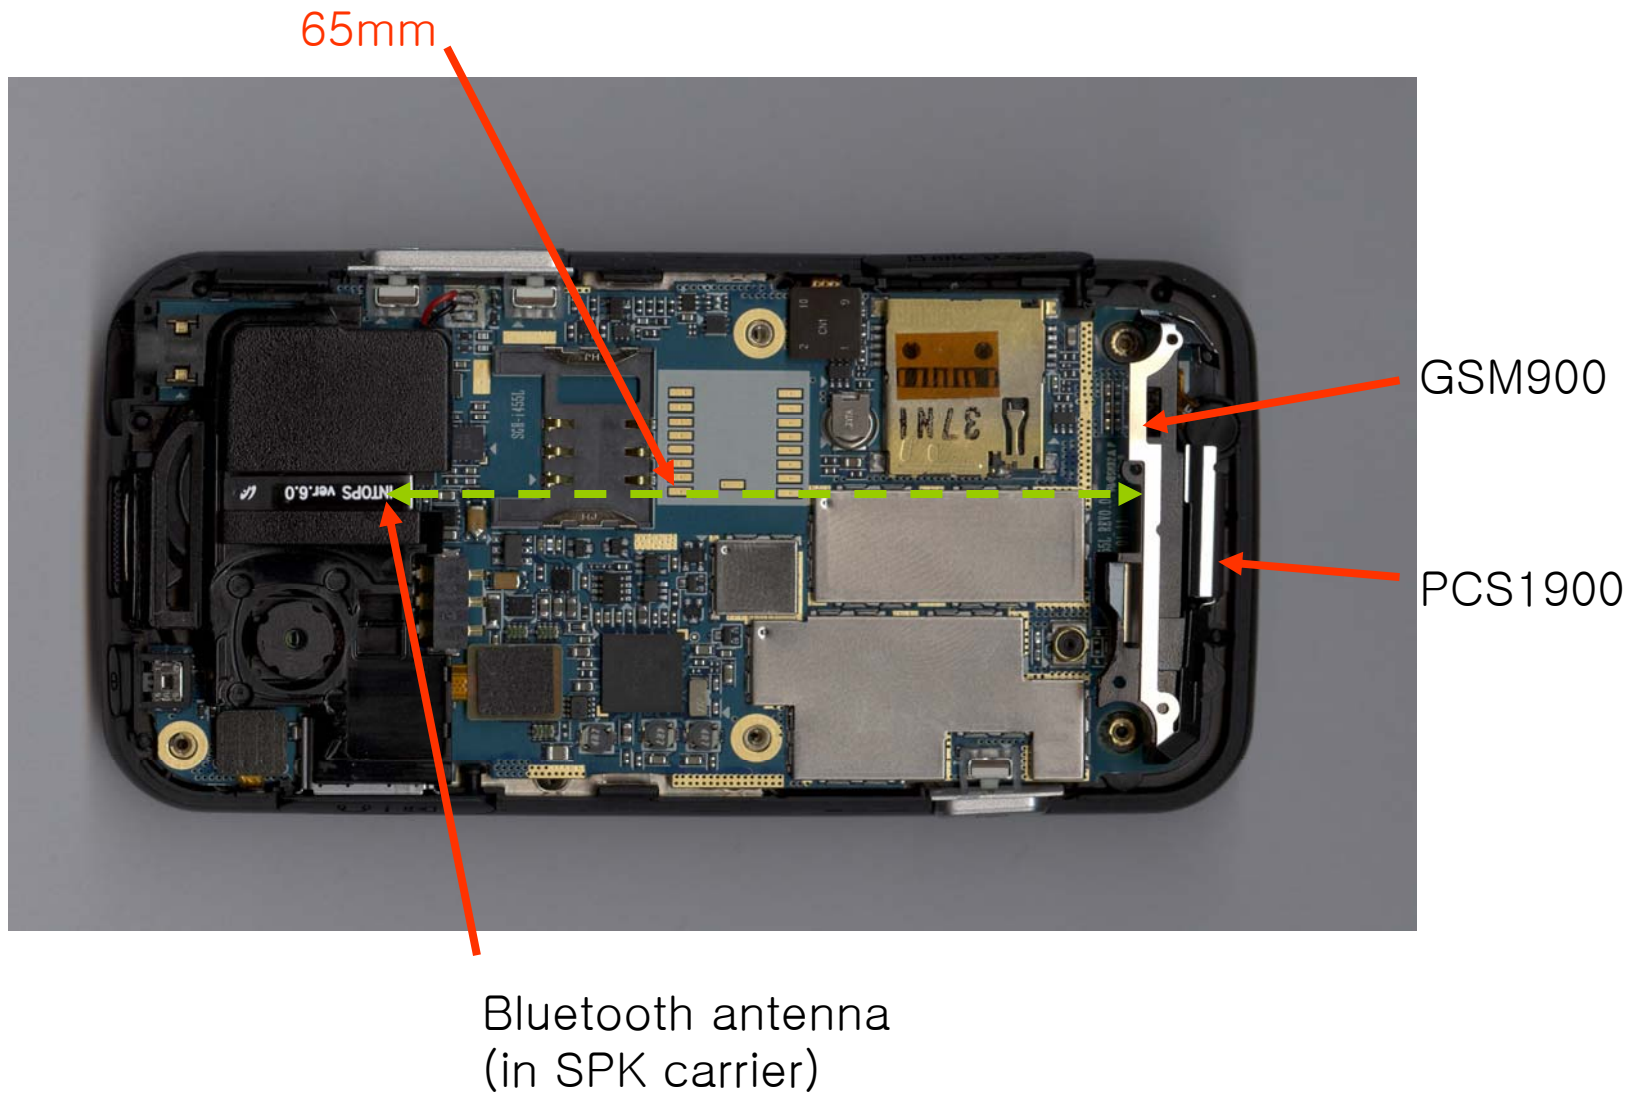

GSM900

DCS1800

PCS1900

* Distance between Bluetooth antenna and PCS antenna

- There is no difference of distance between bluetooth antenna and PCS1900 antenna for each case of slide up and down, because antennas are in the same plastic all together.
