

Declaration of Conformity

We, Samsung Electronics Co., Ltd., declare on our sole responsibility that the product
SGH-T409
HW version : Rev 0.2

has WIFI chipset made by Philips co.

SGH-T409 use this WIFI chipset for UMA voice call & data call.

It' s similar to VOIP.

SGH-T409 does not use typical access to AP likes usual PDA.

When UMA mode being activation, this terminal can not doing GSM voice call.

The reason is below.

One of the concept of UMA handset is “ hand over” between GSM & UMA call.

So, UMA handset does not going together at the same time.
