Hi, Jenny and Feel,

Please address following issues.

Q#1: According to page 105 of user manual indicates that this camera has supported Ad-Hoc mode. Please then provide an attestation letter to state that it will not Ad-Hoc on non-USA frequency bands. Only 11 channels are available when using in the State.

Ans.: Please find attached letter.

Q#2: Can it transmit when taking photos at the position of held to face?

If it is supported, SAR evaluation may be required.

Ans: No, it's not possible to transmit during taking photo at the position of held to face.

Best Regards,
Lucy Tsai/UL CCS
