Dear Martin:

Transmitted herewith, on behalf of **Samsung Electronics Co., Ltd.** is an amendment provided in response to the request for technical information, dated June 21, 2002, and per your fax, dated April 30, 2003.

1. Please find SAR data for extended battery option for the highest frequency point in the AMPS left head touch, cellular CDMA right head touch, and PCS left head configurations.
2. Please note that PCTEST Lab did not perform the temperature assessment. Please find attached the corrected page 6 of the SAR report. In addition, please find the attached measurement details and photographs regarding the calibration procedure.
3. The confidentiality of the calibration procedure has been withdrawn.

We trust this information is sufficient to resolve FCC questions in this application. If you have any further questions, please do not hesitate to contact us.
