1. Please submit a Block Diagram according to Section 2.1033(b)(5).

Uploaded 5/15/02.

2. The FCCID label is shown on the host laptop, but not on the EUT.
Please clarify how the device will be labeled.

The device is a very small mini PCI from the factory. The FCC ID will be placed on the bottom of the notebook computer, as it is in the pending application.

3. Is the EUT limited for use in this host laptop only? Please explain how the device is sold to the public.

The EUT will be sold with this laptop only, as a factory option.

4. Please provide the WLAN user manual mentioned on page 60 of the laptop user manual currently in the submission.

Uploaded 5/15/02 a new user's manual that includes the WLAN information. Please refer to pages marked 25-28 in the User's Manual (or pages 42-45 of 101 pages in the Adobe Acrobat file).
