Request for Tech. Info.: 2/28/03

Dear Stan:

Transmitted herewith, on behalf of **Matsushita Electric Industrial Co., Ltd.** is an amendment provided in response to the request for technical information dated February 28, 2003.

1. Please find attached the test report plots for both handset and base set.
2. Please find attached photos of horn/free space setup with and without E-field probe. The verification of field homogeneity and details of E-field probe are indicated on the caption above the photos. Verification of thermistor RF transparency via liquid isotropy measurements is attached. In addition, this letter is a formal withdrawal of the confidentiality request submitted on Feb. 20, 2003, for the 5.8 GHz probe calibration procedures and mixtures.
3. Please find the attached pages regarding justification of verification target value.
4. Please find the attached uncertainty details for device measurement and system verification.

We trust this information is sufficient to resolve FCC questions in this application. If you have any further questions, please do not hesitate to contact us.
