RE: FCC ID: BEJMG100_ATCB003240
Attention: Jay Kim

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the label exhibit shows the FCC ID to be BEJMG185, but the application is for BEJMG100. Please provide the actual FCC ID label information on the FCC ID label exhibit.
2. Please provide a manual that includes the 1.5cm separation distance for body SAR.
3. Please note that the power measured using the power meter shown on page 7 of the EMC report states 3.3dBm. Should this be 33dBm as shown in the SAR report? Please explain.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
