RE: FCC ID: BEJMG370A

Applicant: LG Electronics Co., Ltd.

Correspondence Reference Number: BEJ7543

Confirmation Number: 706180543

Date of Original Email: June 19, 2007

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Please verify that the EUT cannot connect to a pc (through a cable). If it can, then it is also a pc peripheral, subject to either certification of DoC.
→ This mobile phone can't connect to a PC. So, LG doesn't sell it together with USB cable.
2. Please verify that Class 10 or 12 GPRS operation is not available to the EUT (body SAR was only tested with a 1:8.3 duty cycle).
→ This mobile phone doesn't support GPRS mode. Please find out the revised operational description.
3. Several frequencies listed in the table on p.22/44 of the SAR report are incorrect for the referenced channel number, and do not match the frequencies shown on the corresponding SAR plots. Please correct.
→ Please find out the revised SAR test report.

The items indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
Senior Certification Engineer
Quality Manager
