After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) FYI....This application only covered the PC peripheral portion of the device. Please note that the manufacturer is still responsible for making sure that the technical requirements for TV receivers have been verified per the FCC rules (these may be found in Sections 15.31(n), 15.107, 109, 111, 117, 118, 119, 120, and 122 as applicable).
