FIGURE 2
LCD MONITOR (M/N: W2340VV)
GENERAL APPEARANCE (BACK VIEW)

Close-up of the rear panel of a black computer monitor. The panel features several ports: a blue audio jack, a blue 15-pin D-sub video port, a yellow 15-pin D-sub video port, and a silver DVI-D port. Below these are two small circular ports and a multi-pin connector. A white label is attached to the top left of the monitor frame, containing text in Chinese and English.

A close-up photograph of the rear panel of a vintage computer monitor. The panel is dark and features a central D-sub connector (likely for a video cable) flanked by two sets of vertical ventilation grilles. A small, light-colored rectangular label is visible below the connector. The overall image is somewhat dark and grainy, typical of older photographs.
