TURNING ON

Press and hold the ON/OFF Button for a couple of seconds to turn on your computer

Power Supply

Connect the provided charger (19V) to the power supply port, do not use other than the provided charger.

ON/OFF button

You can see computer status by looking at the ON/OFF button.

Installing SSD STORAGE or replace the SSD

To begin using your computer, you must first install an SSD drive and the operating system. If you find the storage capacity is insufficient for your needs, you can replace the SSD with one of a larger capacity.

Device is equipped with two M.2 SSD slots to provide flexible storage options:

Slot 1: Supports M.2 2280 NVMe SSDs.

Slot 2: Supports both M.2 2280 SATA and NVMe SSDs.

For your convenience, the corresponding specifications for each slot are clearly marked on the motherboard.

Packing

1 x BOX PC BD13

1 x Power supply (adapter and cord)

1 x VESA bracket & screws

1 x HDMI Cable

1 x Color box

2 x Antennas (if order Wi-Fi)

SAFETY INFORMATION

Full Support of BIOS

Support Wake On Lan, UEFI, Auto power on when power failure, PXE

Working Condition

Working Temperature: -10°C ~ 55°C

Working Humidity: 5% ~ 95% (Non-gel)

SAFETY INFORMATION

Built-in battery:

Do not attempt to replace or remove the battery yourself. You may damage the battery, which could cause overheating and injury. The battery should be replaced by an authorized service provider, and must be recycled or disposed of separately from household waste.

Liquid exposure:

Keep your computer away from sources of liquid, such as drinks, oils, lotions, sinks, bathtubs, shower stalls, and so on. Protect your computer from dampness, humidity, or wet weather, such as rain, snow and fog.

Charging:

Charge only with the included power adapter, other power adapters might not meet safety standards, and using such power adapters could pose a risk of death or injury, using damaged power adapters or cables, or charging when moisture is present, can cause fire, electric shock, injury, or damage to your computer or other property. Do not use a power adapter in wet locations, such as near a sink, bathtub, or shower stall, or connect or disconnect the power adapter with wet hands.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
