

TT04 Antenna

I. Overview

This product is compatible with our company's remote control transmitter and receiver modules – including Far-T1/T2/T2L, Far-R1/R3/R4, Micro-R3/R2, and other models – and is characterized by its compact size and long-range transmission capability.

II. Parameters

Antenna material: Phosphor bronze

Frequency range: 315/433 MHz, ± 10 MHz

Zhu Boyi: 1.5

Input impedance: 50 Ω

Antenna gain: 2 dBi

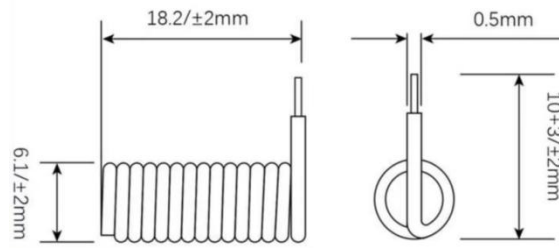

Antenna length: 28.2 mm / 18.2 mm

Antenna polarization: Vertical polarization

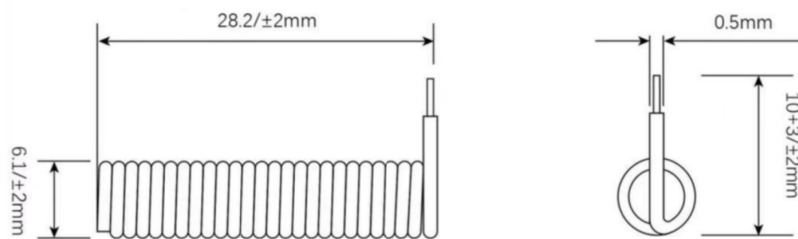

遥控数传, 蜂鸟更远!

3、size

433MHz

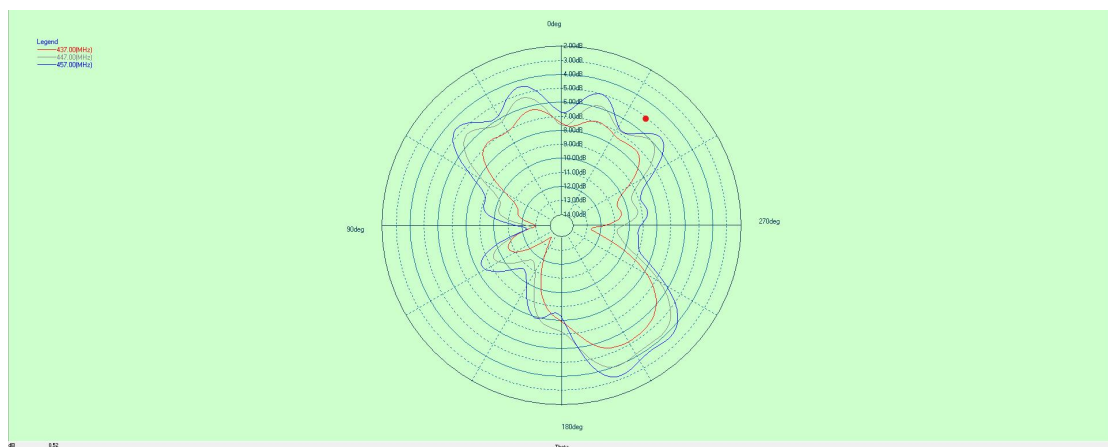

315MHz

遥控数传, 蜂鸟更远!

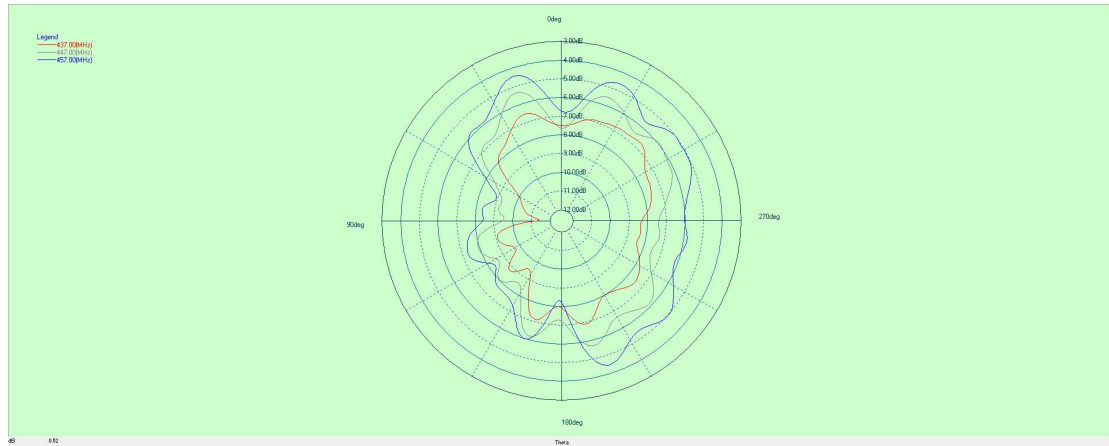

4、radiation pattern

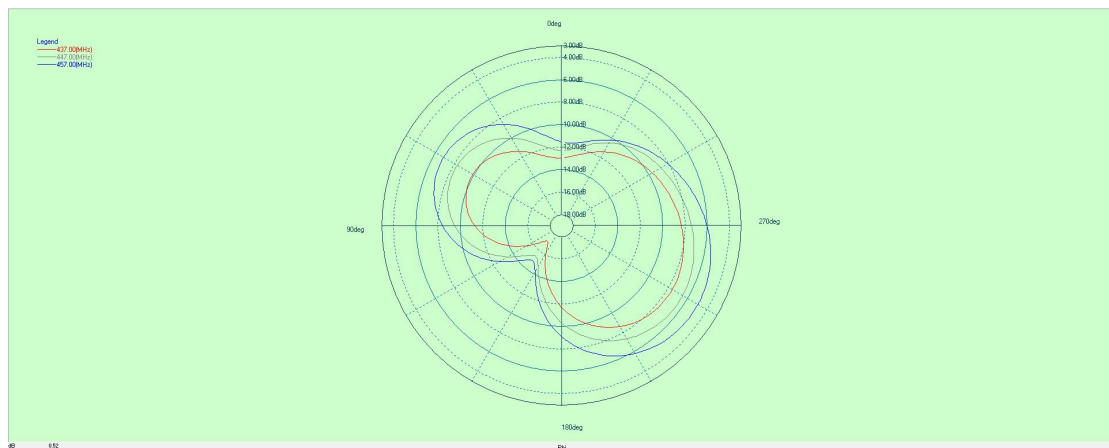

Phi=0

遥控数传, 蜂鸟更远!

Phi=90

Theta=90
