

Mimosa Networks, Inc.

3150 Coronado Drive, Santa Clara, California, United States, 95054

Letter of Declaration on Standard Client Operation

Date: 5th February, 2026

Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia MD 21046
USA

FCC ID : 2ABZI-100-60224-03

To Whom It May Concern:

We, Mimosa Networks, Inc., attest that this device under FCC ID 2ABZI-100-60224-03 complies with device protocol requirements and operational restrictions:

1. Protocol attestation statement:

- a. This device will only associate and connect with a Standard Power Access Point and never directly link to any other client devices.
- b. This device will always initiate transmission under the control of a Standard Power Access Point except for brief communications before joining a network. These quick messages will only occur if the client has detected a Standard Power Access Point operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.
- c. This device, when associated and connected with a Standard Power Access Point, will operate at a power level as described:
 - i. lower or equal to the maximum output power allowed by the FCC.
 - ii. At least 6 dB below the power of the Standard Power Access Point.

2. Statement acknowledging device restrictions:

- a. Prohibited for control of or communications with unmanned aircraft systems, including drones.

Respectfully,

Applicant's company name : Mimosa Networks, Inc.

Applicant's company address : 3150 Coronado Drive, Santa Clara, California, United States, 95054
