

Setup Photos Exhibit (FCC Certification)

Photos below show the Equipment Under Test (EUT) installed in its representative test configuration for FCC compliance measurements. Each photo is annotated by view orientation and key setup details (EUT location, support equipment, and interconnecting cables) as applicable.

Note: If required by your certification package, add the EUT model name/number, serial number, and operating mode (e.g., worst-case) to each caption.

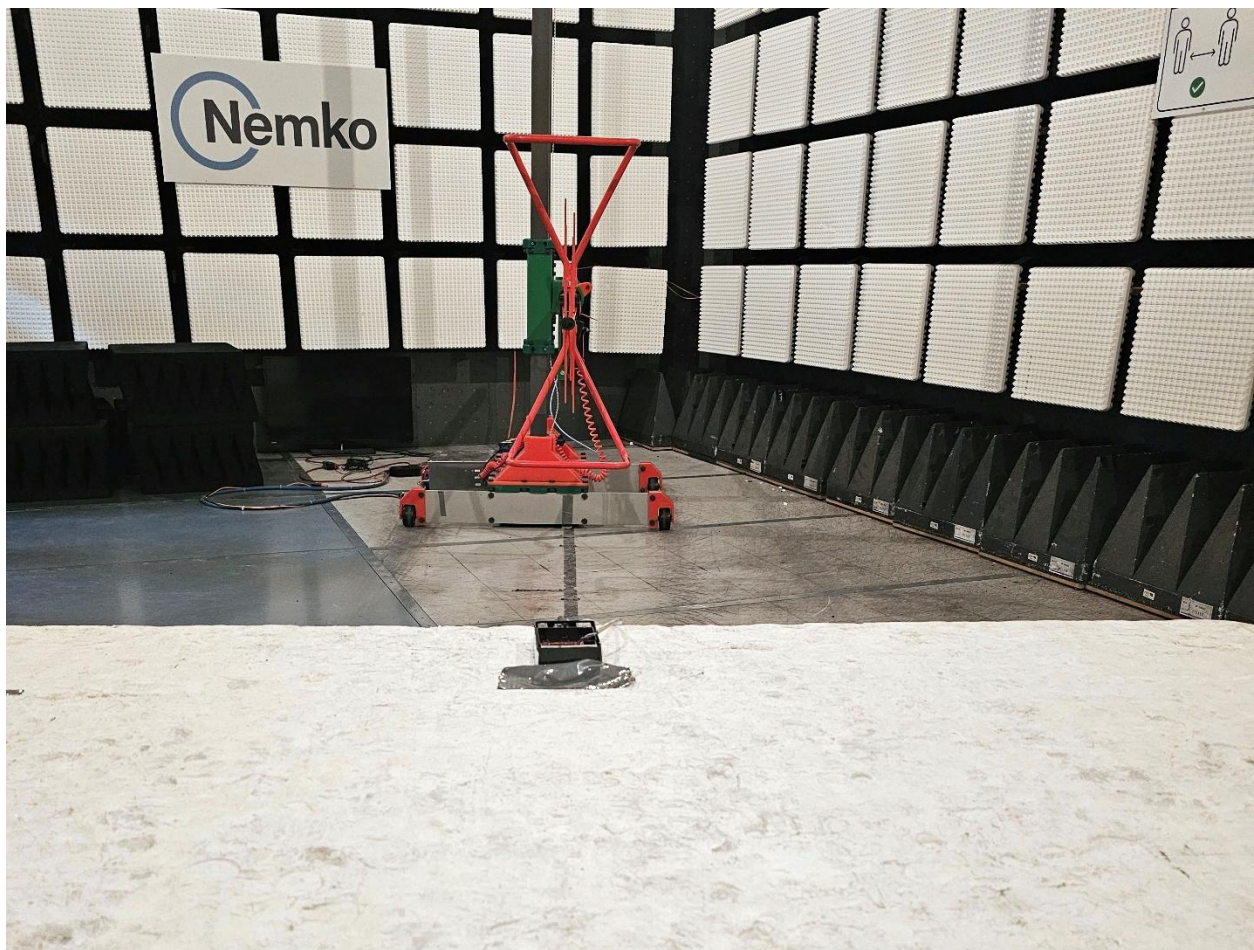

Photo 1 – Test Setup (View A). Below 1 GHz

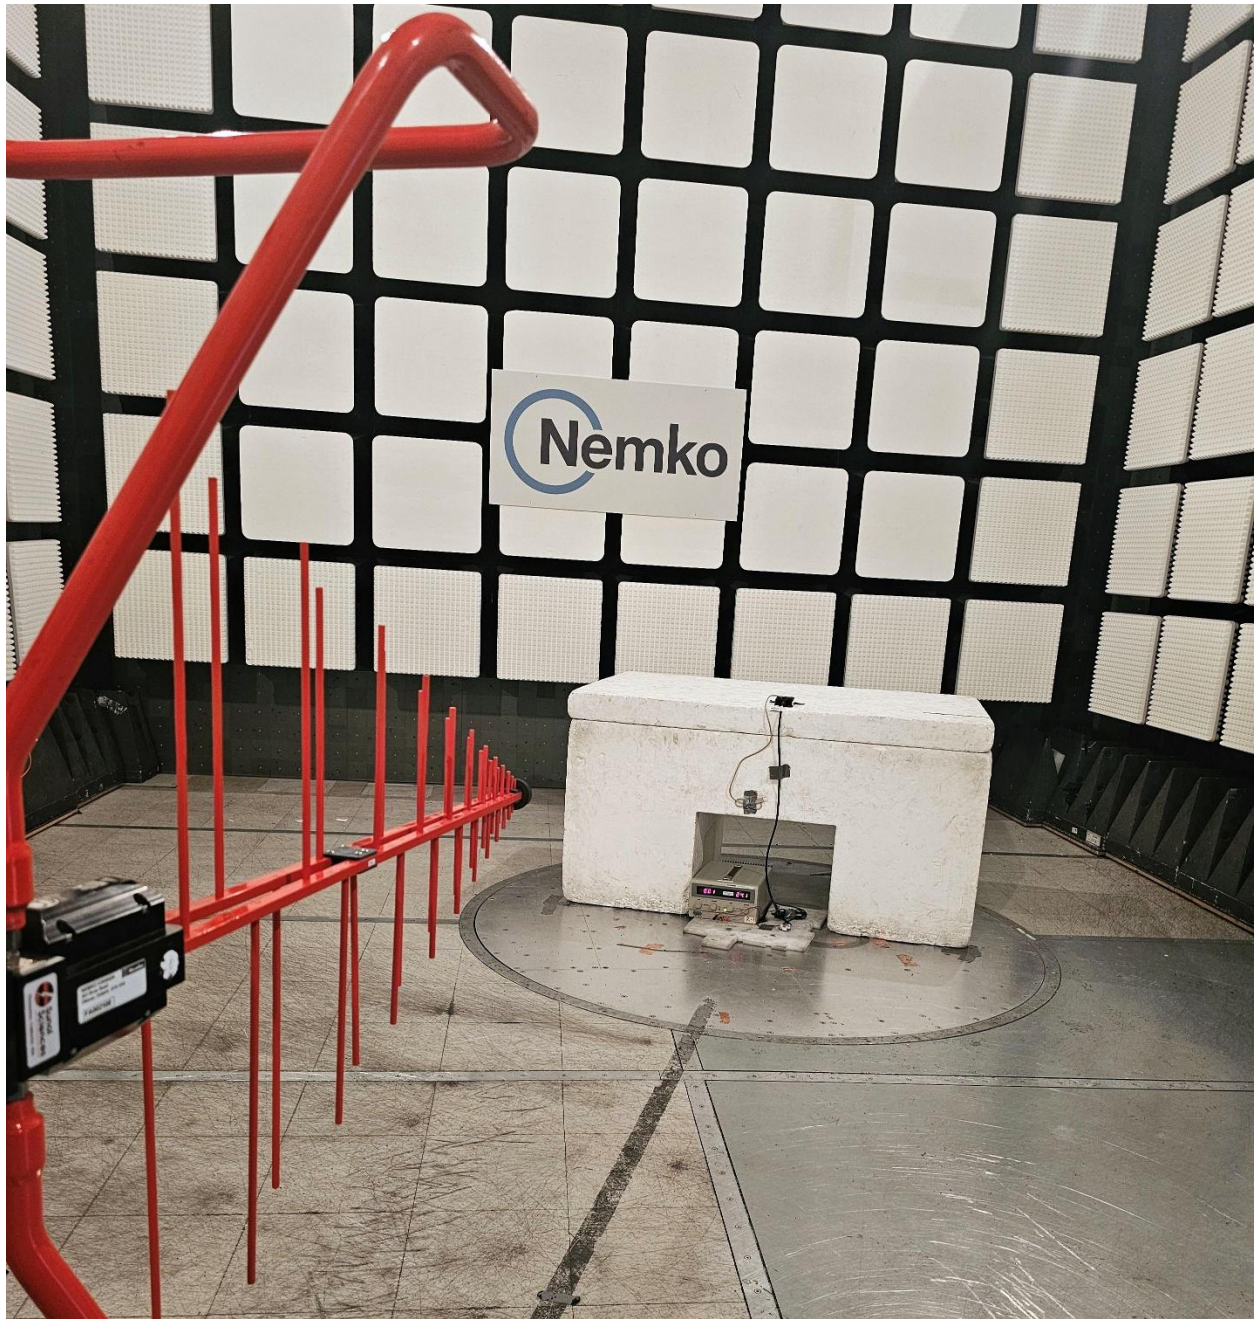

Photo 2 – Test Setup (View B). Alternate view of the same configuration.

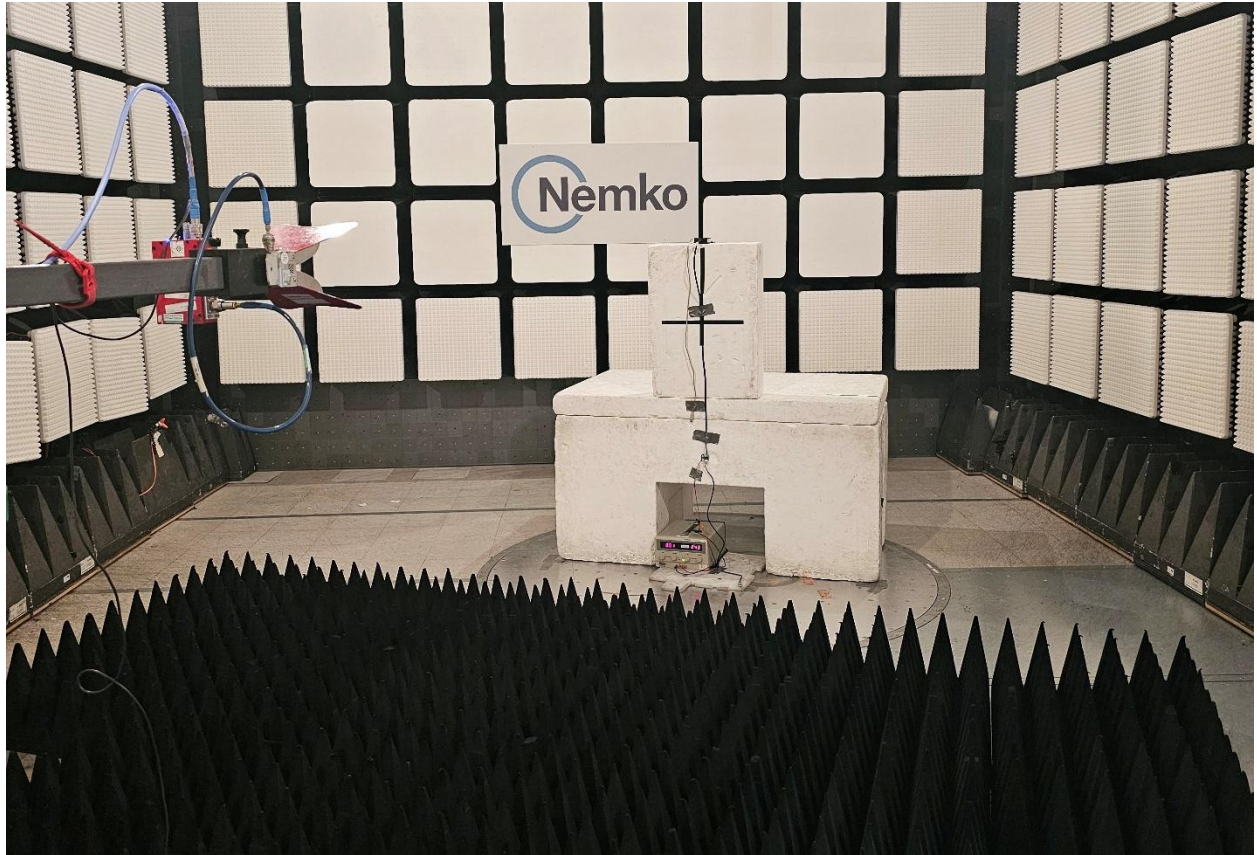

Photo 3 – Test Setup (View C). Above 1 GHz.

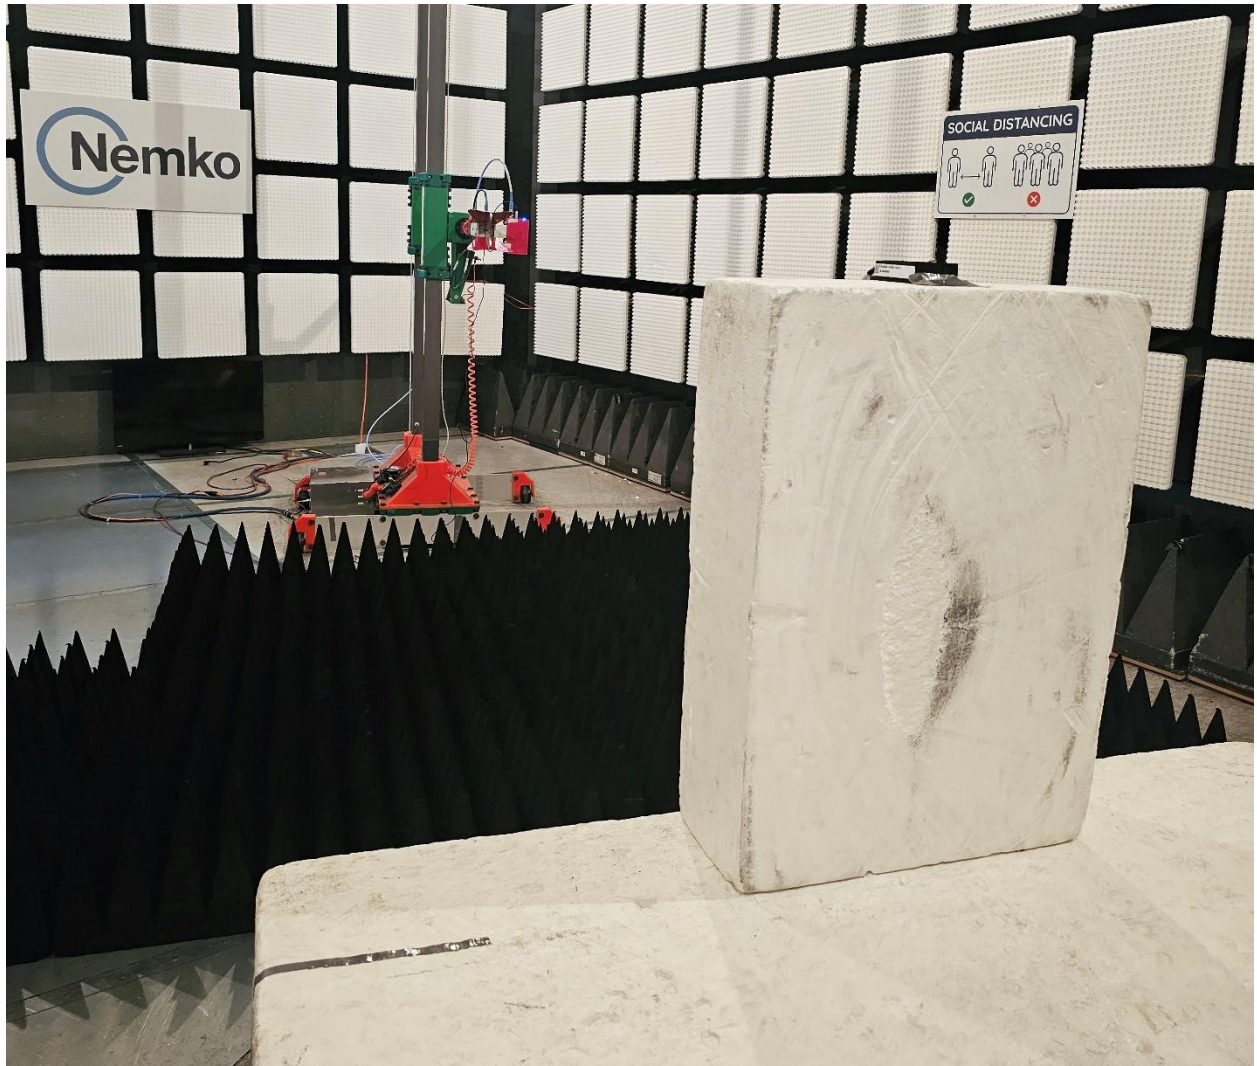

Photo 4 – Test Setup (View D). Alternate view of the same configuration
