 This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. 1678

A white, rectangular, slightly tapered object with a small black mark on its side, resting on a black ruler with white markings. The object is positioned horizontally, and the ruler is placed below it for scale. The ruler has markings in both inches and centimeters. The object's length is approximately 10 cm, and its width is about 2 cm. The black mark is a small, horizontal line on the right side of the object.
