Cover letter for FCC application

Date: April 22nd, 2026

To Whom It May Concern:

ATN Corp is submitting model BINOX 6 Dual (Day/Night/Thermal Binocular) for FCC certification. We are seeking an original certification under Part 15.247.

FCC ID: 2BKIH-BNOX6

Applicable rule parts: FCC Part 15C

Type of equipment approval being sought: Original Certification

The BINOX 6 Dual is a day/night and thermal binocular device equipped with an integrated 2.4 GHz Wi-Fi module compliant with IEEE 802.11 b/g/n standards. The radio is used for wireless communication with external devices such as smartphones or tablets for video streaming, device control, and data transfer.

Thank you for your attention to this matter.

Sincerely,

James Munn

CEO
