Date: November 12, 2025 **REQUEST FOR CONFIDENTIALITY LETTER – FCC**

Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, Maryland 21046

Re: Request for Confidentiality

FCC ID: 2BKIH-THRM6

To whom it may concern,

We hereby respectfully request that under the provisions of 47 CFR 0.457(d) and 0.459, the documents listed below and attached with this application for certification be provided with confidential status:

- Schematics
- Operational Description
- Frequency Block Diagrams
- Bill of Materials

The FCC application associated with FCC ID 2BKIH-THRM6 includes the following product models:

- ThOR 6 Mini
- TICO 6

The ThOR 6 Mini and TICO 6 are based on the same hardware platform and share the same RF circuitry, Wi-Fi module, antenna, PCB layout. The only difference between the two products is the optical configuration.

- ThOR 6 Mini: Compact thermal riflescope with reduced size housing, integrated eyepiece assembly, and optical lens module.
- TICO 6: Thermal clip on device utilizing a similar compact housing platform as the ThOR 6 Mini, but without the integrated eyepiece assembly.

These differences do not affect the wireless operational characteristics evaluated during FCC compliance testing.

Any exhibit or information for which we have requested confidentiality, but which may not be accorded such treatment by the FCC, should be returned to us.

The documents listed above contain trade secrets that are treated as confidential by us.

Substantial competitive harm to us could result should they be made available to the public.
