Re: Labelling of Falcon-IQ Device in Accordance with FCC Requirements

To whom it may concern:

This is a record of the Federal Communications Commission (FCC) labelling of the device with FCC ID 2BOFL80030198560152.

The following labelling is employed to satisfy sections 2.1033(b)(5) and 2.925 of the FCC Code of Federal Regulations (CFR) Title 47.

Figure 1 shows a rendering of Falcon-IQ lid, with the debossed FCC ID – which is visible from the outside of the polycarbonate enclosure. This debossing is robust enough to last the lifetime of the product. Once the device is assembled, this lid is not user removable.

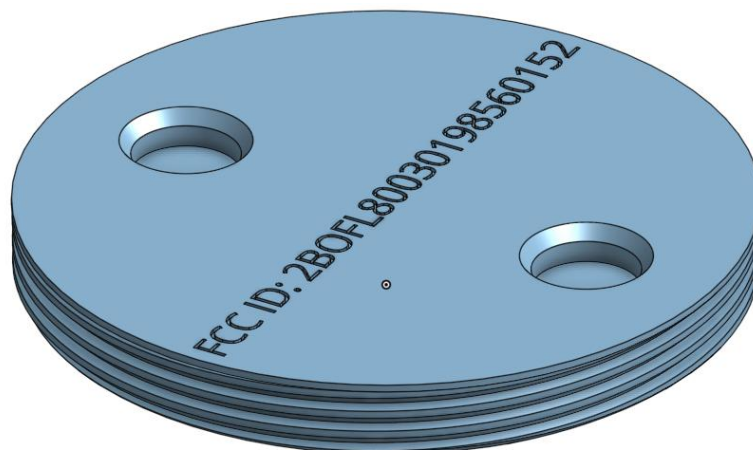

Figure 1 – Rendering of Falcon-IQ lid with debossed FCC ID.
