**Item 1.** The device is able to install software/program installation?

☐ Yes, go to Item 2.

☒ No. In this case, the rest of the items do not apply. The device cannot support installation of Kaspersky cybersecurity or anti-virus software.

**Item 2.** Technical Requirements for Kaspersky Cybersecurity Software:

| # | General Requirements (For all Devices)                                     | Yes / No or N/A | Comments |
|---|----------------------------------------------------------------------------|-----------------|----------|
| 1 | Internet connection for activation and updates (For all Operating Systems) | YES             | WLAN     |

| # | General Requirements (For Windows Devices) | Yes / No or N/A | Comments |
|---|--------------------------------------------|-----------------|----------|
|---|--------------------------------------------|-----------------|----------|

|   |                                                                                                                                                                                            |     |  |

**After reviewed the technical requirements, is the device capable of supporting the installation of Kaspersky software?**

☐ Yes, go to Item 3.

☒ No. In this case, the rest of the items do not apply. The device cannot support installation of Kaspersky software

**Item 3. Connectivity Capabilities:**

| # | Physical Interface | Purpose               | Justification <sup>1</sup>                                                              |
|---|--------------------|-----------------------|-----------------------------------------------------------------------------------------|
| 1 | USB Type-C port    | Battery charging only | -Limited to power supply<br>-Data transfer capability disabled                          |
| 2 | HDMI               | Video output only     | -Communication limited to specific IP addresses<br>-Port blocked for software downloads |

| # | Wireless Interface | Purpose                | Justification <sup>1</sup>                                             |
|---|--------------------|------------------------|------------------------------------------------------------------------|
| 1 | Wi-Fi              | Explain the purpose... | -Built-in firewall that blocks software downloads                      |
| 2 | Bluetooth          | Explain the purpose... | -No file transfer capability<br>-Pairing limited to authorized devices |

After the review of this items, the device:

☒ Cannot support installation of any cybersecurity or anti-virus software on the covered list.

☐ Potentially can operate with any cybersecurity or anti-virus software on the covered list – additional third-party proof is provided to demonstrate compliance with requirements as of 2.911(d)5(i),(ii) – “Proof of Compliance with Covered List Software Requirements” of this document applies

### Proof of Compliance with Covered List Software Requirements

1. Did a test Firm or third party (other than the certification body and applicant) provide a list of software installed on the device and after scan results with no evidence of Kaspersky software?

<sup>1</sup> The justification field is used to justify why the software cannot be received through that interface. Check the annex for more indications.

- ☒ YES  
☐ NO  
☐ N/A,

If YES,  
provide:

**File Name:** N/A

**Third-Party Name (including Test Firm:** Shenzhen ZKT Technology Co., Ltd.

**Has other objective evidence been provided that no Kaspersky software is installed?**

- ☒ YES  
☐ NO  
☐ N/A

If YES,  
provide:

File Name: N/A

Third-Party Name (including Test Firm: Shenzhen ZKT Technology Co., Ltd.
