

Antenna Information

1. Transmitting terminal coil's parameter

1.1 Transmitting terminal coils size:

Item	Dimensional position	Size
A	Outer diameter	approximately 40 mm
B	Inner diameter	approximately 20 mm
C	Number of turns	approximately 10 turns
D	Wire diameter	approximately 1.0 mm

1.2 The parameter of coil

Test item	Parameter characteristic	Suggest error value
(μH)	2.5	$\pm 10\%$
($\text{m}\Omega$)	60	MAX
