I. Safety Precautions & Warnings

1.Choking Hazard Warning: This product contains small parts. Children under 3 years old should not use it alone to avoid choking caused by accidental swallowing. Adult supervision is required during use. If any parts are found loose or falling off, immediately stop using the product and remove the loose/falling parts.

2.Avoid contact with water to prevent electric leakage.

3.It is prohibited to scratch the product surface or disassemble the internal structure with sharp objects (such as scissors, pen tips).

4.It is prohibited to put the product into a washing machine or dishwasher for cleaning; only a dry soft cloth can be used to wipe surface stains.

5.It is prohibited to let pets bite or scratch the product to prevent damage to parts or pets accidentally ingesting fragments.

II. Product Description

Product Introduction

B.B.Hue is a newly launched interactive AI toy by He Guang Future. It accompanies children's growth with technology, serving as an all-day intimate playmate and growth guide for children. It supports the customization of an exclusive AI character for children, enabling easy switching between 18 languages. It allows children to practice multiple languages and stimulate their desire to express themselves while playing. Additionally, it can arouse children's interest in exploring scientific knowledge through fun interactions and provide real responses.

B.B.Hue can intelligently adjust its communication style based on the user's age and continuously learn through long-term companionship, increasingly understanding the user's personality and emotions. Whether it's children or adults, they can all enjoy the most suitable companionship and knowledge inspiration. Moreover, the OTA upgrade technology it possesses can continuously bring new functions and enhanced performance, ensuring that the toy is always in the latest technological state. This enables users to achieve a mutual pursuit of growth and progress in a pleasant interaction, truly realizing long-term companionship and common growth.

Power Supply Support

It supports 5V/1A external power supply (e.g., Type-C power supply, power bank supply, etc.), which is suitable for long-term use and avoids frequent battery replacement.

Language Support

English, Simplified Chinese, Spanish, French, German, Italian, Portuguese, Polish, Turkish, Russian, Dutch, Czech, Arabic, Japanese, Hungarian, Korean, Hindi, Vietnamese.

OTA Upgrade Support

This AI toy supports the OTA (Over-the-Air) upgrade function, allowing the toy to automatically perform software updates and function optimizations wirelessly. No manual operation is required for parents or children; after the toy is connected to Wi-Fi, it will automatically detect available updates, download and install them.

III. Usage Instructions

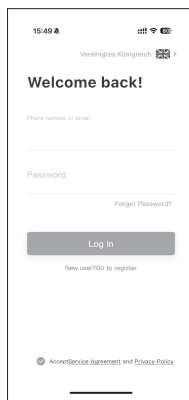

Installation Method

1.Scan the QR code on the right to download and install the APP, or search for "Zigma" in major mobile app stores or Google Play to download and install. You can also directly click the link to download the APP: <https://eu-cat.com/?xiazai/>

Zigma

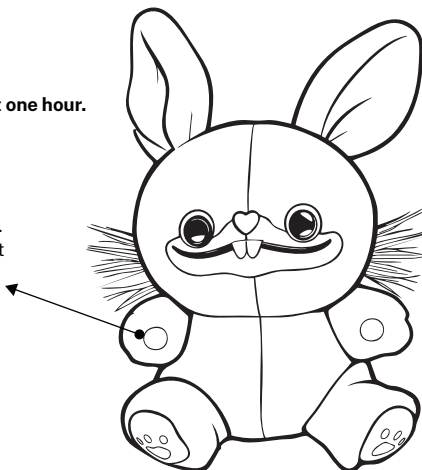

2.Register/Login

3. Add Device to the App

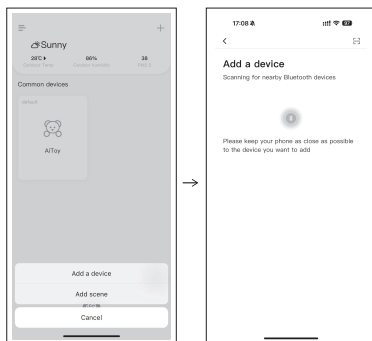

**Before first use,
please fully charge the device.
The charging time is estimated at one hour.**

① Power On/Wake Up: Press once.
When you hear the voice prompt, it
means the device is powered on.

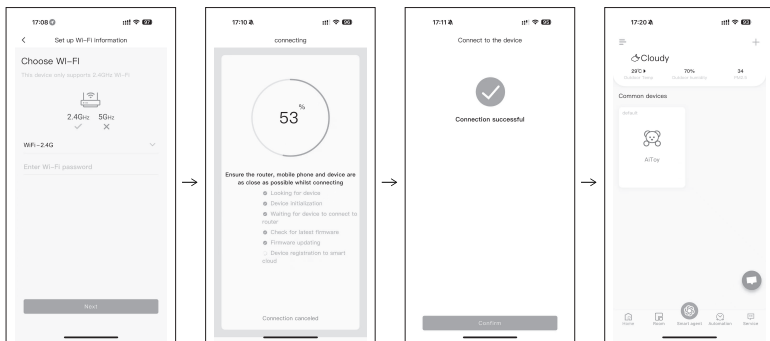

② Network Configuration: Press and hold with both hands for 3-5 seconds.

4. Turn on WIFI and Bluetooth, click "Add Device" at the top right corner of the APP's homepage, wait for the device to be detected, and then connect after finding the device.

5. Add the device according to the prompts and wait for the network configuration to complete until the connection is successful. (5G network is not supported temporarily)

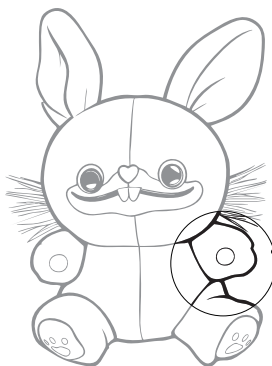

Function Introduction

1. Conversation Modes

⏸ Pause Conversation: Press any key once

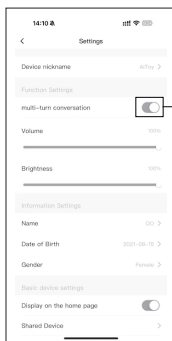

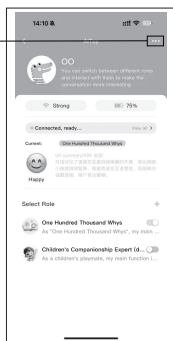

Single-turn Mode:

Press and hold the doll's left hand to speak; release the hand and the doll will speak.

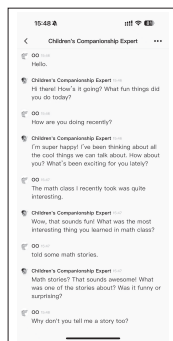

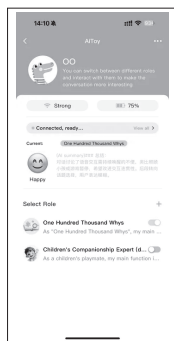

Note: During the conversation, if there is no speech for a short period, the mobile APP will interrupt and display "Dormant". You can briefly press the doll's right hand button to wake it up; do not press and hold it.

Open the APP and click on the top right corner:

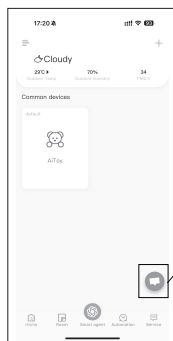

Click to open mode:
The first time you speak, you need to hold down the doll's left hand to speak. After that, you can have a conversation freely without having to press your hand to speak again (after pausing and waking up, you need to repeat the long press conversation once more).

2. Create an exclusive AI agent and view historical chat records.

IV. After-Sales Service

24/7 online customer service is available to answer questions and solve problems at any time, providing peace of mind and greater assurance.

Instructions for Using Artificial Intelligence Toys

Thank you for choosing this product. The artificial intelligence dialogue service built into this toy is provided by third-party technologies such as OpenAI, etc. Please be informed and agree to the following terms:

1. **Functional Features:** This product is designed to offer an entertainment and companionship experience. The content of the dialogue is generated in real time by artificial intelligence. We do not make any guarantee regarding its accuracy, completeness, timeliness or applicability
2. **Usage Responsibility:** Parents are requested to guide children to use it in a safe and moderate environment. The user shall bear all risks and risks arising from the use of this product on their own, including but not limited to any direct or indirect losses resulting from reliance on AI-generated content.
3. **Privacy Protection:** We promise to strictly protect user privacy. For detailed privacy policies, please visit our official website for review.
4. **Technical Description:** Artificial intelligence services may be interrupted or changed due to network, technical or third-party reasons. We do not guarantee the continuity and stability of the services.

By starting to use it, you are deemed to have read, understood and agreed to the above statement.
Smart Toy User Agreement and Disclaimer

I. General Provisions

Welcome to use FITKOL's AI interactive toys (hereinafter referred to as "this product"). Please read this agreement carefully before use. By using this product, you agree to all the terms of this agreement.

ii. Product and Service Description

Technical Description: The core intelligent dialogue function of this product integrates large language model technology provided by third parties, such as OpenAI, etc. As an integrator of hardware and services, we are not the developers of the underlying technology.

2. **Content Generation:** The content generated by AI (including dialogues, knowledge, etc.) is only for entertainment and educational reference purposes and should not be used as the basis for professional advice (such as medical, legal, and financial advice). Our company does not guarantee its absolute accuracy.

3. **Service Changes:** We reserve the right to adjust, suspend or terminate some or all of our services based on technological development, legal and regulatory requirements or operational needs, without further notice.

iii. Limitation of Liability and User Obligations

1. **Limitation of Liability:** To the fullest extent permitted by law, we shall not be liable for any follow-up, incidental, special or consequential damages (including but not limited to data loss, loss of profits, business interruption) arising from the use or inability to use this product. Our total liability will not exceed the amount you have paid for this product

2. **User Obligations:** You undertake:

- **Compliant use:** Do not use this product for any illegal, infringing or harassing activities.
- **Content review:** In particular, appropriately supervise and guide the dialogue content when children are using it.
- **Information Security:** Keep your account information safe and be responsible for all activities that occur under your account.

3. **Third-party Liability:** We shall not be held responsible for any issues arising from the failure, alteration or termination of third-party technologies beyond our control, such as AI large model services.

Iv. Intellectual Property Rights

The intellectual property rights of this product, including its appearance design, software and trademarks, belong to us. Built-in AI Intellectual property rights related to technology belong to their respective right holders. You are not allowed to reverse engineer, copy or use this product for commercial purposes.

V. Privacy and Data

We attach great importance to your privacy. For details on how we collect, use and protect your data (including voice interaction data), please read our Privacy Policy in detail.

Vi. Application of Law and Dispute Resolution

This agreement is governed by the laws of the place where it is sold. Any dispute arising from this agreement shall first be settled through friendly consultation. If the negotiation fails, the matter shall be submitted to the local court for litigation.

Vii. Others

We reserve the right to update this agreement at any time. The updated agreement will be published on the official website. Major changes may be notified through other means. If some provisions of this agreement are invalid, it does not affect the validity of the remaining provisions.

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

RF warning for Mobile device:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
