P8 SERIES

INSTRUCTION MANUAL

MADE IN CHINA

PRODUCT DETAILS

- Gear adjustment
- Light Source Switching
- Battery Level Indicator
- Strong magnetism
- TYPE-C
- Ventilation valve
- 360° Rotatable Base
- Hidden Double Hooks
- Tempered glass

PRODUCT INFORMATION

USB-C

Category	Specification
Lighting	Light Output: 3500 Lumens LED Beads: 600 pcs Wide-Angle LEDs Lighting Modes: 2700K/3500K/4500K/5500K/6500K Runtime: Up to 10 days (depending on mode)
Power	Battery Capacity: 20000mAh Rechargeable Li-ion Charging Port: Type-C Fast Charging
Design & Features	Mounting Options: Magnetic Base, Dual Hooks, 1/4" Tripod Mount Material: ABS + PC Housing, Tempered Glass Lens Dimensions: 8.62 x 8.11 x 1.69 in Weight: 2.5 lb
Durability	Waterproof: Ultrasonic-Sealed, Rainproof Design Drop Resistance: 1.2 m Free Drop, No Damage

Get Position Guide

Power button Short press: White Light - Warm Light - Warm Light - OFF

Function keys Short press: Cycles through Low-Mid-High brightness in increasing steps. Continuously adjusts brightness (use this method to switch between minimum and maximum brightness) If you hold the switch in any brightness level for more than 10 seconds and then press it again, the light will turn off immediately.

Battery indicator light

Corresponding status indicator light flashes when charging. Full indicator light is always on.

A full 20 hours of charging time is recommended before first use.

Remote Control Pairing

Press and hold the pairing lamp until switch for 3 seconds. Then it will enter the pairing mode (at this time, the battery indicator light flashed). When the product enters the pairing mode, press and hold the remote control switch for 5 seconds to complete the pairing. If the pairing is successful, the battery indicator light will flash for 5 seconds. If the pairing fails, for 10 seconds, the battery indicator light returns to the normal status. (During the pairing process, other switches cannot be operated.) Clear the remote control when the lamp is off. Press and hold the power button for 7 seconds to clear all paired remote controls.

Note

- Do not place in backpacks, fabric bags or flammable plastic containers while hot.
- Recycle properly.

Disstress

- Do not disassemble the product.
- Do not throw the product into fire, it may cause the battery to catch fire or explode, causing fire/injury/disasters.
- Children please use under adult supervision.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
