

Product: Millimeter Wave Radar Sensor
Model: DNMWR021
Brand name: DENSO
Marking location:

Note:

Marking layout, size and other indications may be changed.

Method of labeling: print a laser print on the product.

Durability tests have confirmed that the label will not disappear within the product life.

Regarding the FCC 15.19(a) statement:

Because of product space constraints, it is not possible to permanently display the required text.

In addition, this product is not equipped with a display and therefore does not support electronic labeling (e-label).

Accordingly, the FCC 15.19(a) statement is provided in the user manual.
