NDA-Operational Description NDA

**LONG-TERM CONFIDENTIALITY
FOR INTERNAL PHOTOS AND USER'S MANUAL**

Date: 2025-11-20:

FCC ID: P27-SCP5173P

To the attention of

Federal Communication Commission

Authorization and Evaluation Division

KDB 726920 D01 "Equipment Authorization Confidentiality Request Procedures" Section II 3) The internal photos and/or user's manual exhibits may be given Long-Term Confidentiality under the following special conditions:

a) Internal photos

1. May be held Confidential if the circuit board or internal components are not accessible to users. For example, it is acceptable if the circuit board is enclosed in epoxy.

2. Also, it is acceptable if the device is not accessible to the public, for example, a device mounted on the top of a large tower (or in a fenced enclosure) such that it is only serviceable by professional designated technicians under a Non-Disclosure Agreement (NDA). All sales for these devices must be under a NDA restricting the disclosure of the propriety information, including internal photos.

b) User's manual may be held Confidential only when the manual contains proprietary technical information intended for professional technicians obligated under an NDA. All sales and distribution of the user's manual

must be under an NDA that restricts the disclosure of the information.

c) In the application cover letter requesting Long-Term Confidentiality the following additional description (in item 7) and the NDA exhibit is required:

1. Describe in detail how internal photos and/or user's manual information are controlled to prevent them from becoming public or disclosed to unauthorized persons.

2. Describe how public access is restricted for products serviceable by professional designated technicians.

3. A statement that all sales of the non-consumer device will be under a NDA to include third party sales and that the final user of the device is subject to the NDA.

4. Provide an example of the NDA between the grantee and a purchaser. The request for Confidentiality must include the key terms of the NDA to ensure consistency between the two.

Response:

The internal photos and user's manual were requested for the long-term confidentiality in the letter for Request of Permanent Confidentiality submitted in this application. The rationales for such request are stated below.

This device requires professional installation, and the user manual contains proprietary technical information intended for professional technicians obligated under an NDA only.

The User Manual and internal photos need to be held confidential as they contain proprietary technical information. They are controlled and only accessible to Sercomm customers that have an NDA that restricts the disclosure of the information. All sales of this device are to customers that are subject to the NDA.

Public access to the product is restricted by the fact that the end product is a non-consumer product, housed in a sealed enclosure, mounted on a pole and is not field serviceable.

Further, the Applicant has spent substantial effort in developing this product, some aspects of which are deemed to be trade secret and proprietary. Having the subject information easily available to our competitors in this market would negate the advantage we have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

In accordance with the procedures specified above, a sample generic copy of the Sercomm NDA between the grantee and a purchaser is attached. Additionally,

The Sercomm product, the subject of this application, is not subject to third party sales. The final user of the device is always a License holder/cellular operator.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Nick Wu". The signature is fluid and cursive, with a large initial 'N' and 'W'. Below the signature is a dashed line.

The Receiving Party will remain liable for any unauthorized disclosures or breach of this Agreement by its employees.

5. All Confidential Information is, and shall remain, the property of the Disclosing Party. Nothing herein shall be construed as granting or conferring any rights by license or otherwise in the Confidential Information except as expressly provided herein, and in no event shall this Agreement be construed as granting either party any licenses under the other party's copyrights, patents, trademarks or any other intellectual property rights.

6. The Confidential Information will be kept in strict confidence by the Receiving Party from the date of receipt by the Receiving Party which shall continue and survive any expiration, termination, cancellation, and/or completion of this Agreement. Upon the written request of the other party, or upon the expiration or any earlier termination of this Agreement, each party shall: (a) immediately cease using the Confidential Information and (b) promptly return the Confidential Information and all copies thereof to the Disclosing Party or, at the direction of such party, destroy the same. Each party shall certify in writing to the other such return or destruction within ten (10) days after its obligation for return or destruction.

In the event that any of the terms, conditions or provisions of this Agreement are held to be illegal, unenforceable or invalid by any court of competent jurisdiction, the remaining terms, conditions or provisions hereof shall remain in full force and effect. The Disclosing Party agrees to comply with all laws, rules and regulations applicable to the export or re-export of Confidential Information.

12. This Agreement may be executed in two or more identical counterparts, each of which shall be deemed to be an original and all of which taken together shall be deemed to constitute the Agreement when a duly authorized representative of each party has signed a counterpart. The parties may deliver this signed Agreement by electronic (including email or facsimile) transmission. Each party agrees that such electronic transmission shall have the same force and effect as delivery of original signatures and that each party may use such electronically-transmitted copies as evidence of the execution and delivery of the Agreement by all parties to the same extent that an original signature could be used.
