

Modular Approval Request FCC(KDB 996369 D01 & Part 15.212)

Company Name:CC&C Technologies,Inc

Add: 8F, No.150, Jian Yi Rd, Zhonghe District, New Taipei City, 235, Taiwan

Tel: +886-2-8226-5088

FCC ID: PANBM3095

<i>Items to be covered by Single modular transmitters.</i>	<i>Answer from applicant</i>
• The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly.	Y The EUT provides the RF shielding. See EUT photo
• The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	Y The EUT has its buffered modulation and integrated into SOC
• The module must contain power supply regulation on the module	Y The EUT has its own power supply regulation and integrated into SOC
• The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Y The types of antenna are described in user's manual
• The module must demonstrate compliance in a stand-alone configuration.	Y The module is tested with test Board and verified functions for its application.
• The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748).	Y The FCC ID label is labeled on module.
• The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.	Y The demonstration instructions are provided
• The module must comply with RF exposure requirements.	Y The EUT complies with RF exposure requirement.
